W. C. PREWITT & SONS
CLARKSVILLE, MISSOURI

Foreword

"WHEN this firm attended the J. W. McDermott sale in the spring of 1917 and bought CUMBERLAND MARSHAL 4TH at \$3,100 it seemed a long price to pay for an untried bull, but developments meantime prove conclusively that he would have been cheap at many times his cost. Furthermore, his acquisition portrayed the earnestness with which these men have engaged themselves in the breeding of better Shorthorns. This bull has rounded into maturity in a form that gives visible indication of the concentrated breeding strength of Whitehall Sultan that flows through his veins. Calves by him indicate a brilliant future.

In coming to the Prewitt sale breeders will not fail to recall that they are going into an old Shorthorn community, dating back to 1867 when J. H. His-singer began his breeding operations. Many of these sale cattle are now browsing over the same bluegrass hill where one day roamed Duke of Richmond, Baron Victor, Breastplate, Orange Blossom 18th and others.

Prewitt & Sons have an offering in waiting that is going to be admired by every man who attends their sales. It is a well balanced offering, made up of bulls of distinguishable herd bull material, breeding matrons entitled to enter the most exclusive herds, promising heifers, and an array of calves at side of dams that indicate the breeding value of the bull that heads the herd.

These men are to be congratulated not only in getting together such an offering, but are to be commended for allowing so many of these extremely valuable matrons to leave their herd. Their object is clear. A name is to be made for Cumberland Marshall 4th, and no better agent can be employed than the distribution among other breeders of the right kind of cows and heifers with calves at foot or carrying his service.

One of the foremost collections to be sold this season awaits those who attend this event."

WALTER L. MILLER.
(In The Breeder's Gazette of May 8.)

Terms and Conditions of Sale

Guarantee

We believe all animals in the catalog to be breeders. Cows sold with calves at foot or showing safe in calf are considered breeders, and no further guarantee on same; but cows lately bred and open heifers must be producers, but on failure to breed may be returned to us at purchaser's expense, and should such animal fail to breed after six months' trial, an animal of equal value will be given in its place. Bulls are guaranteed breeders when properly cared for and not allowed to run with the herd. Should any fail to breed, he must be returned to us, and if he fails to prove a breeder for us, another of equal value will be given in exchange.

Terms

Cash, but parties desiring time may have six months' time on approved notes bearing 7 per cent interest. Will accept Liberty Bonds at market value.

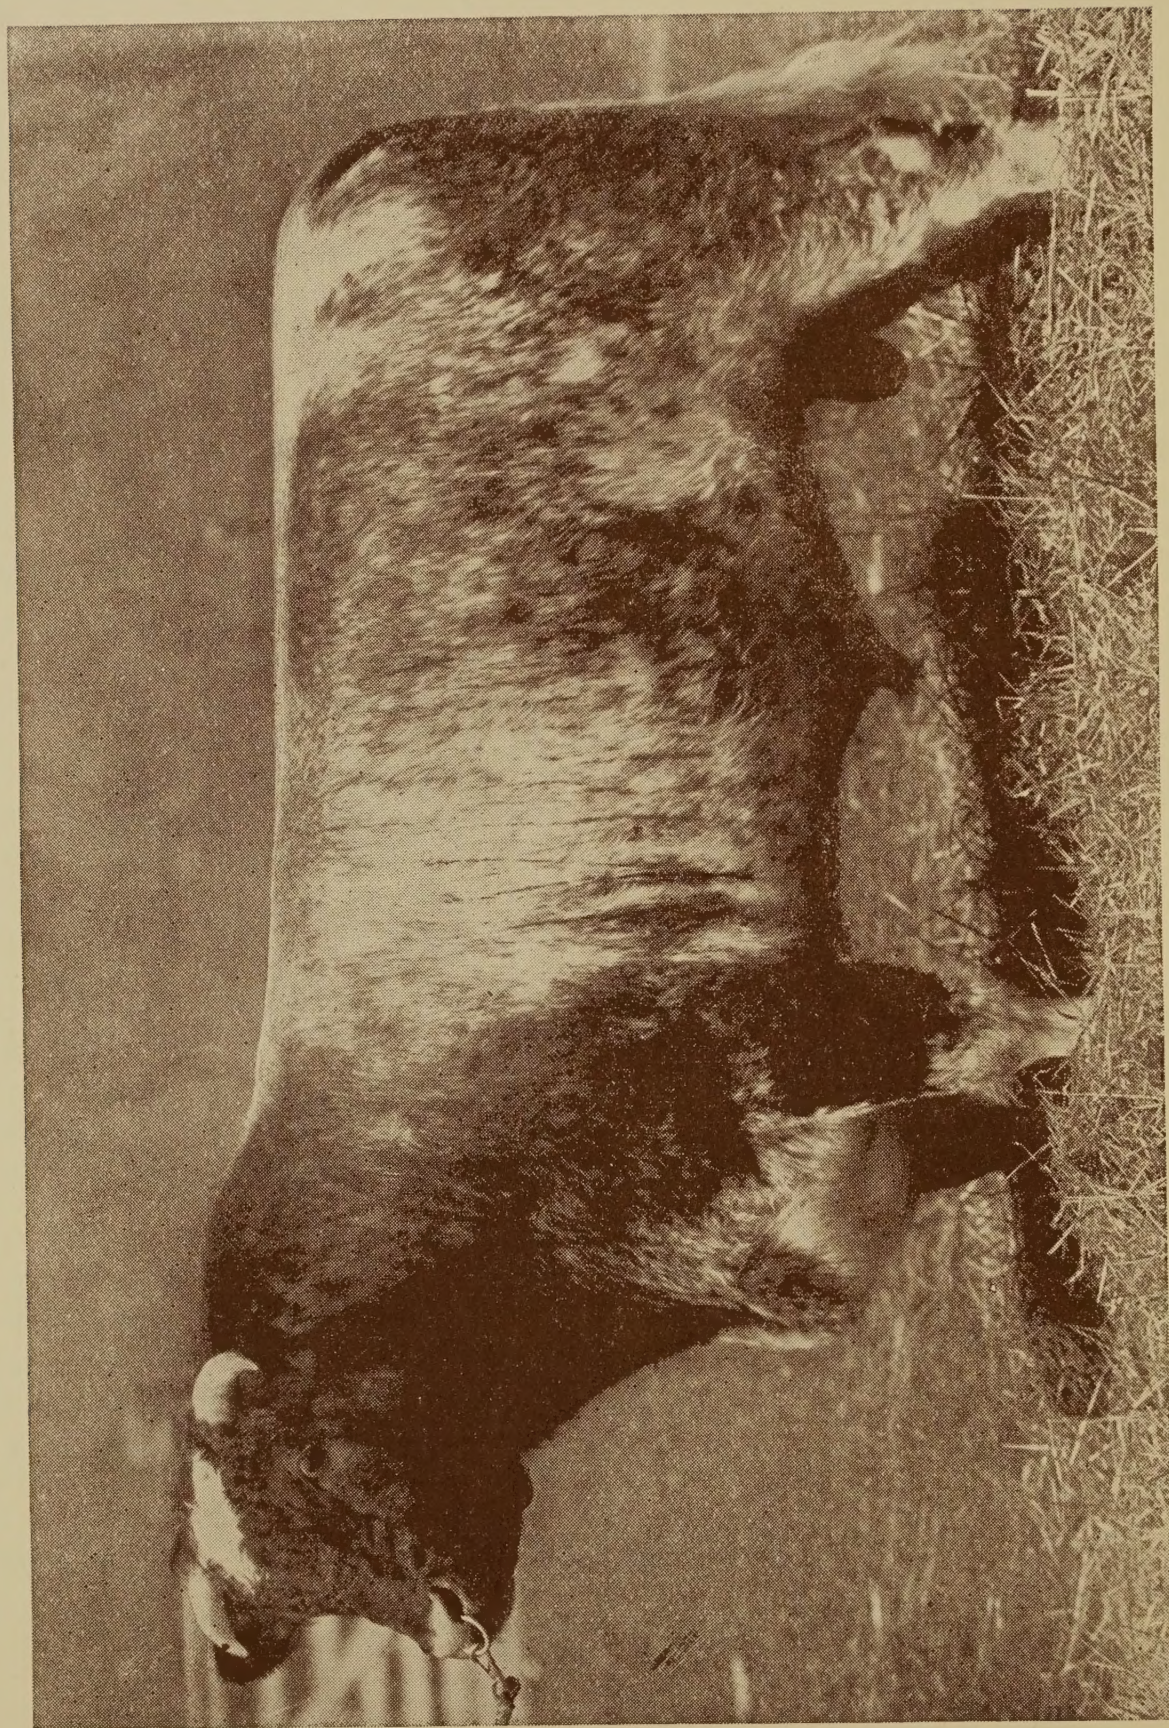

Conditions

All animals at buyer's risk as soon as bid off. All animals cared for and loaded on cars free of charge.

All cattle are tuberculin tested and health certificates as required for shipment will be furnished.
